PROJECTS

The Engineer's Nook : Code, Create & Connect   Jan 2025 - Present
Lovely Professional University

An online classroom on edredo.com - online learning platform & LMS. This space is dedicated to teamwork, project-based learning, and peer interaction.

LPUexplore   Jan 2025 - Present
Lovely Professional University

Events Promotion android application where students can advertise events, gatherings, or casual hangouts.
- Event Creation: Students can post events and gatherings with details like time, location, and theme.
- Interactive Map Integration: Pin locations for easy navigation to event locations.
- Privacy Control: Limits visibility to verified college students only.
- Engagement tools: RSVP functionality, chat groups for attendees and polls.
- Why it works? Reduces reliance on word-of-mouth or scattered social media posts, strengthening campus community.
